REQUEST FOR A CORRECTED FILING RECEIPT

Assistant Commissioner for Patents
Office of Initial Patent Examination
Customer Service Center
Washington, DC 20231

Dear Sir:

Applicant, by his attorney, requests correction of the Official Filing Receipt for the above-referenced patent application. A domestic priority reference is incorrectly listed as a CONTINUATION.

Under the heading of Domestic Priority data as claimed by applicant, please correct to read as follows: **This application is a Continuation in Part of 10/600,121 06/20/2003.**

Attached is a copy of the first page of the application stating that this application is a Continuation in Part and a copy of the filing receipt showing the requested correction.

Respectfully submitted,

Julia A. Thomas

BACKGROUND OF THE INVENTION

TECHNICAL FIELD

10 The invention relates generally to the field of network based services and structures. More particularly, the invention relates to allowing a Web service to request a chain of one or more other Web services on behalf of a client.

DESCRIPTION OF THE PRIOR ART

15

In a typical e-commerce computing environment or specifically in any computer system with which a client performs transactions, identification and authentication mechanisms are essential for identifying and authenticating the client requesting usage of system resources. A common implementation of an authentication
20 mechanism uses a user identification (ID) along with a password. Thus, in this way, a client is accountable for the use of such system resources.

Consider an example of a user surfing the World Wide Web (Web) and desiring to purchase an item from a particular vendor's Web site. Referring to Fig. 1, a
25 schematic diagram of main components according to the prior art, the client, referred

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
